

Dear Section on Urology members,

The AAP Call for Abstracts is available online at <http://www.call4abstracts.com/aap>.

Please submit your abstract for consideration to the 2008 National Conference and Exhibition, October 10 - 13, in Boston, Massachusetts. **The submission deadline is April 11, 2008.**

We hope you can join us in Boston for this joint meeting of the International Children's Contenance Society (ICCS), the American Academy of Pediatrics (AAP) Section on Urology and Pediatric Urology Nurse Specialists (PUNS), and the Society for Fetal Urology (SFU). This will be the first time all four prominent organizations will be meeting together in one venue. The Joint Meeting will be held in conjunction with the AAP National Conference & Exhibition (NCE), one of the largest pediatric conferences in the world with an overall anticipated attendance in excess of 10,000. The Joint Meeting is expected to attract over 500 pediatric physicians, including pediatricians, urologists and nephrologists, nurses, nurse practitioners, physician assistants, urotherapists, urodynamic technologists, spina bifida clinic team members, psychologists, and developmental pediatricians.

Abstracts for Original Research will be presented at the traditional Section on Urology program on Saturday afternoon, Sunday and Monday; Original Research and/or Case Reports will be considered at the ICCS, PUNS, and SFU sessions. An abstract review committee of representatives from all societies will assign the accepted abstracts to the appropriate sessions based on content.

If you have any questions about the abstract submission process, or the joint meeting, please contact the AAP Section Manager, Kathy Ozmeral.

A draft of the Joint Meeting program schedule is attached. Please visit the Section website at <http://www.aap.org/sections/urology/default.cfm> for more updates.

Sincerely

\*\*\*\*\*

Kathleen Kuk Ozmeral
