Invitation Letter

Dear Friends and Colleagues,

On Behalf of SEHA and of Sheikh Khalifa Medical City, it is a great pleasure and honor for us, to invite you to participate in the **1st International Meeting on Diagnosis and Treatment of The Neurogenic Bladder in Children and Adolescents**, which will be held in Abu Dhabi, from the 7th to the 8th of March, 2009.

We have gathered an excellent Invited Faculty of International Experts in urinary continence, in children and adolescents affected by neurogenic bladder. They will present their advanced knowledge ,sharing with you their outstanding experiences. The Scientific Committee is also represented by experienced and Internationally Trained, Specialists in the management and treatment of the neuropathic patient.

What we will offer you is updated and worldwide standardized information on how the neurogenic bladder is managed today.

The profile of this Meeting includes lectures on specific urologic, pediatric, nephrologic, neurosurgical and orthopedic subjects, round tables, during which the Experts will present their work and discuss it with the audience, and, last but not least, a large space will be devoted to free oral presentations and posters.

Invitation Letter

Abstracts on urologic, pediatric urologic, rehabilitation medicine nursing and physiotherapy subjects related to the neurogenic bladder, will be mostly welcome. A prize will be awarded for the best free oral presentation.

This Meeting is directed to Urologists and Pediatric Urologists, Pediatric Surgeons and Pediatricians, Rehabilitation Physicians, GP's, Nurses and Physiotherapist, ultimately to anyone who is interested and involved in the active care of Neuropathic Patients with Urinary Incontinence.

Thanks to International Children continence society, (ICCS), the meeting will be preceded by a 1 day course on basic continence management in Children, on the 6th March 2009.

We are sure that you will enjoy the rich scientific program, the discussion with the Invited Faculty, but also the beautiful scenarios of Abu Dhabi and the friendly Emirate's life. The weather in March is warm and favors at least one trip to the beach or to one of the numerous beach clubs.

Please contact the Organizing Committee for any further query, regarding our Meeting.

Looking forward to seeing you in Abu Dhabi,

THE ORGANIZING COMMITTEE

Dr M. Patricolo
Consultant Pediatric Surgeon, SKMC, Abu Dhabi, UAE

Dr M. Hobeldin

4:30 – 5.00 pm	Conclusive Evaluation and Multiple Choice Test
5:00 pm	Closing Ceremony

Panel: *T. Neveus ICCS Board*

J. Chase ICCS Board

M. Hobeldin Head of Pediatric Surgery

A. Khoury ICCS Board

M. Patricolo SKMC Pediatric Surgeon/Urologist

D. Morgan SKMC Head of Urology

**1st UAE International Meeting on Diagnosis and Treatment of the
Neurogenic Bladder in Children and Adolescents
7th – 8th March 2009
Sheikh Khalifa Medical City, Abu Dhabi, United Arab Emirates**

1ST DAY - Saturday the 7th of March 2009

8:00 to 8:30: Registration

8:30 Opening Ceremony

Session 1 (8:45 – 10:15)

Standardization of Terminology

Pediatric Urodynamic in the Neurogenic Bladder

10:15 Coffee Break

Session 2 (10:30 – 12:30)

Effect of Postural Spasticity on the Management of Incontinence

Pelvic Floor Training for the Treatment of Neuropathic Patients.

Nephrologic Aspects Associated to the Neurogenic Bladder in Children

Nephrologic Aspects Associated to the Neurogenic Bladder in Adolescents

12:30 Lunch Break and Prayers

Session 3 (13:15 – 16:00)

Urodynamics in adolescents and Young Adults with Neurogenic Bladder

Free Oral Presentations

The Role of External Sphincter Dilatation in High Risk Neurogenic Bladders

Workshop: Clean Intermittent Catheterization (CIC): A Global Perspective (16:00 – 17:00)

19:30 Gala Dinner

**1st International Meeting on Diagnosis and Treatment of the
Neurogenic Bladder in Children and Adolescents
7th – 8th March 2009
Sheikh Khalifa Medical City, Abu Dhabi, United Arab Emirates**

2ND DAY – Sunday the 8th of March 2009

Session 4 (8:30 – 10:30)

Urinary Diversion and Bladder Augmentation

Free Oral Presentations

10:30 Coffe Break

Session 5 (10:45 – 13:00)

Endoscopic Treatment of Urinary Incontinence: From Childhood to Adulthood

Surgical Strategies in the Neurogenic Bladder in Children

Botulin toxin A in the Management of the Neurogenic Bladder in Children and Adolescents

13:00 Lunch Break and Prayers

Session 6 (13:45 – 17:15)

Future Perspectives for Bladder Augmentation: The Role of Experimental and Clinical Research

Neurosurgical Aspects

Orthopedic Aspects

Bladder Neck Surgery in the Neurogenic Bladder

Free Oral Presentations

17:15 Closing Remarks and Award of Prize for Best Free Oral Presentation

17:30 Farewell Cocktail

“CME accreditation has been requested”.

ACCOMODATION

“A list of Hotel with special rates for the Delegates will be published in June 2008, along with the final program and brochure”.
