

Statement of Intent for ICCS Board Membership

To the ICCS Board of Directors,

Dear Esteemed Members of the ICCS Board,

I hope this letter finds you well. I am writing to formally express my interest in serving as a member of the ICCS Board. For nearly a decade, I have been a proud member of this society, wholeheartedly committed to the ICCS mission of advancing the care and understanding of children's continence across the globe. It would be both an honor and a privilege to contribute to the leadership of this remarkable organization in this capacity.

Over the past 10 years, I have actively contributed to ICCS goals and participated in numerous activities that align with its vision:

1. **Active Membership:** I have been a devoted member of ICCS for almost a decade. Since 2021, I have consistently attended the annual ICCS meetings, immersing myself in every opportunity to learn from and collaborate with colleagues. I also participated in earlier ICCS events, solidifying my long-standing engagement with the society's educational, networking, and outreach efforts.
2. **Research Contributions:** My academic and clinical focus has always been on **enuresis** and **lower urinary tract symptoms in children**, areas of paramount importance to ICCS. Through meticulous research and clinical involvement, I aim to contribute to improving diagnosis, treatment, and understanding of these conditions on a broader scale.
3. **Social Media Role in ICCS:** In the past year, I have taken on a role in ICCS as responsible for **social media**, supporting the society's visibility

and outreach. Through social media strategies and carefully developed communication content, I have worked to expand ICCS's impact by connecting with global audiences, increasing engagement with healthcare professionals, and fostering a sense of community within the organization. I see communication as an essential aspect of building a thriving and collaborative society, and I am proud to have contributed to this dynamic area.

4. **Collaboration with Peers:** Participation in ICCS has provided me with opportunities to share knowledge with like-minded professionals and contribute to multidisciplinary approaches to the care of children with voiding problems. I strive to bring value to every interaction and uphold the ICCS values by fostering collaboration between research, clinical practice, and education.

I am deeply dedicated to the goals of ICCS and passionately committed to advancing its mission further. As a member of the Board, I hope to bring:

- **Knowledgeable Advocacy:** Leveraging my extensive experience in enuresis and LUTS to serve as a voice for these critical areas within the society.
- **Enhanced Engagement:** Drawing on my communication experience to work on strategies that increase active participation and contributions from ICCS members worldwide.
- **Strategic Leadership:** Collaborating with other board members to advance ICCS initiatives and further extend the society's influence globally to meet current and future challenges.

My vision for ICCS includes continued academic excellence, wider global outreach, and fostering an inclusive worldwide environment, to excel and collaborate, for those professionals involved with children's continence. I know this is only possible when supported by innovative leadership and teamwork, both of which I am eager to contribute.

Thank you for considering my application to join the esteemed ICCS Board. I am confident that my background, skills, and dedication to the society will allow me

to serve as a productive and committed board member. I look forward to the opportunity to work collaboratively with the Board and broader ICCS community to further our shared mission.

Yours sincerely,
